Jennifer Christie, Call Facilitator  
Karyl-Ann Roehl, JJOC Support

## Absent from Call:

Peter Barstad, Kevin Emerson, Judge Paula Hofaker, Don Hymer, Max Mendoza, Sen. Pat Pettey, Rep. Randy Powell

On 01/23/19, Greg Smith learned SB14 is to be discussed on Wednesday, 01/30/19, at 10:30am. This bill restores the \$6 million taken from our funds, and given to KDHE, back into our reinvestment funds. Jennifer, under instructions from Chair Smith called for a conference call so the group could discuss the testimony to be given that day on behalf of our committee.

Jennifer sent out a draft of testimony to the committee ahead of the call. Members joined this conference call to discuss the testimony. We had enough members on the line to have a quorum.

As we reviewed the draft, members wanted to be certain the testimony focused on why the money should stay in our Reinvestment account. After some discussion, the group decided to use the same testimony former Senator Smith presented to the Interim Committee last October. The introduction needs to be updated, yet the rest of the testimony can remain as is.

Amy made the motion to use the old testimony, with slight changes to the introduction. Kathy seconded the motion. The motion was approved. Sen. McGinn abstained.

Jennifer will update the testimony with minor changes, then send out another draft for member review. If there are significant changes, another conference call will be scheduled.
