Statistical Summary FY 2018

Community Corrections Adult Offender Population

Community Corrections Services Division
714 SW Jackson St., Suite 300
Topeka, KS 66603

<u>Preface</u>

       This report provides a detailed statistical summary of adult offenders under the Kansas community corrections system during fiscal year 2018. The report is based on data pulled from the Total Offender Activity Documentation System (TOADS). The number of offenders for whom information is available varies across data items. The data may differ from other reports published by the Kansas Department of Corrections and the Kansas Sentencing Commission because this report reflects information for community corrections offenders only; captures different data elements; and is captured at different points in time. Each set of data is prefaced with a short description of content.

Fiscal Year 2018 Community Corrections Statistical Summary Data Index

SECTION I: Average Daily Population for FY 2018

The first section of data consists of the average daily population (ADP) for the community corrections offender population. These data are presented in two sections of three tables each for a total of six tables.

Monthly Actual ADP is the ADP average for that particular month.

Table 1 – Monthly Actual ADP by Agency
> Johnson County – this number includes both AISP and Residential ADP
> Sedgwick County – this number includes AISP, Drug Court, and Residential ADP

Table 2 – Monthly Actual ADP for each Residential Center

Table 3 – Monthly Actual Absconder ADP by Agency
> Johnson County – this number includes both AISP and Residential absconders
> Sedgwick County – this number includes AISP, Drug Court and Residential absconders

Twelve Month ADP is an ADP averaged over the last 12 months. Example: June 2018 ADP looks at the ADP from July 2017 – June 2018 (12 months).

Table 4 – 12 Month ADP by Agency
> Johnson County – this number includes both AISP and Residential ADP
> Sedgwick County – this number includes AISP, Drug Court, and Residential ADP

Table 5 – 12 Month ADP for each Residential Center

Table 6 – 12 Month Absconder ADP by Agency
> Johnson County – this number includes both AISP and Residential absconders
> Sedgwick County – this number includes AISP, Drug Court and Residential absconders

At the end of section one is a graph which shows the statewide ADP at the end of each fiscal year from 2014-2018.

As of June 30 - Each Fiscal Year

Fiscal Year	ADP
2014	8250
2015	8336.9
2016	8524.6
2017	8380.9
2018	8122.1
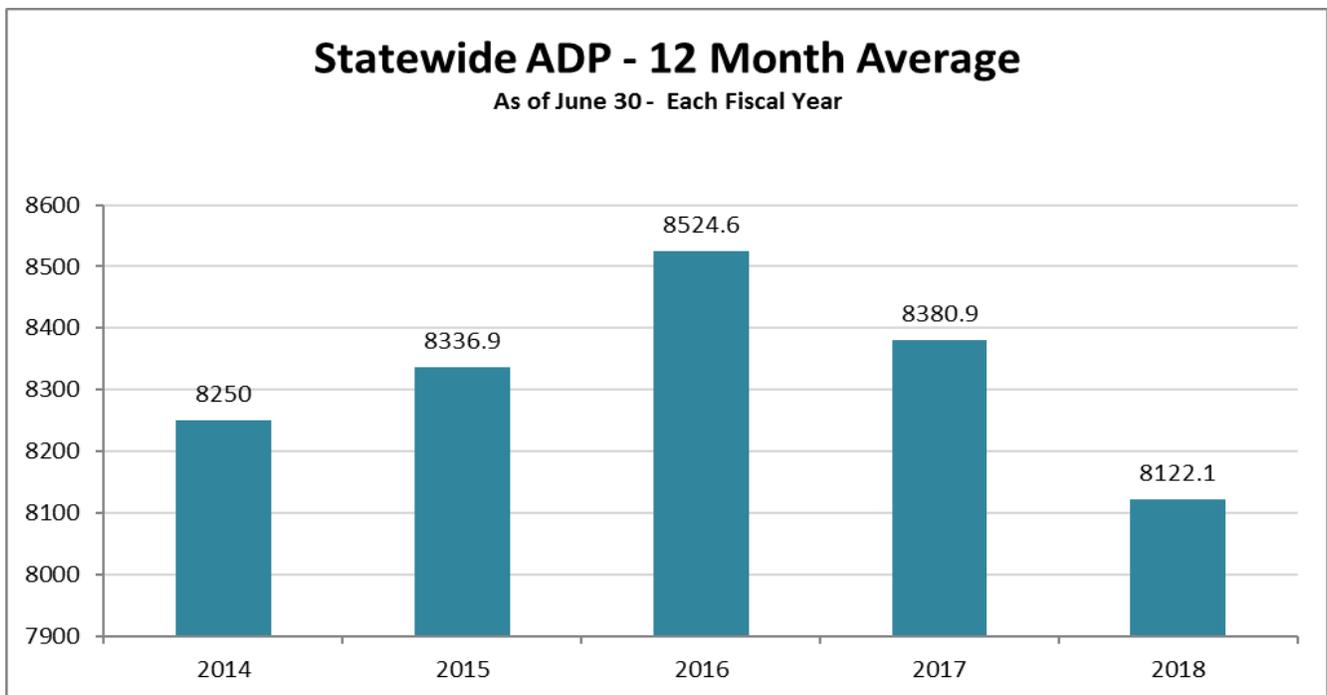

SECTION II: Number Community Corrections Offender Files Closed in FY 2018
by Agency and Closure Type

The data in Section II is a one page snap-shot of how offender files closed in fiscal year 2018. Case closure types split by the gender of the offender is also presented. Information was pulled from the agency's individual Court Case Sentencing Activity Reports which were run starting on 7/19/18 at 06:54:12 AM, and concluded on 7/21/18 at 04:14:47 PM. The statewide total numbers were pulled from the statewide Court Case Sentencing Activity Report, which was run on 7/23/18 at 01:19:37 PM.

In Table 1, you may notice that if you sum up all the agencies they will not equal the statewide total. This is because looking at the data from the agency perspective, offender have the possibility of having more than one file in the state during that particular time frame, as an offender may have a closed case in more than one community correction agency. An offender is counted once per agency, but can be in more than one agency's total– in data terms, the offender can be duplicated. The statewide summary and totals, however, the actual offender is only counted once regardless of how many agencies in which the offender had closed cases – in data terms the offender is unduplicated. Please note, however, that in Table 2, the statewide numbers are the sum of all of the agencies. This is because the same report that is used to obtain the statewide totals in Table 1 does not include a breakdown by the offender's gender.

Figures 1 and 3 present the total number of cases that closed broken down into racial and age groups.

Figures 2 and 4 present the total number of cases that closed as either successful or revocation broken down into racial and age groups.

*Total number of closures reflected in the charts above does not equal the total number of closures by gender or race due to incomplete demographic data in TOADS.

Section III: Number and Percentage of Community Corrections Offender Files Closed by Type
**Fiscal Years 2013 – 2018**

The data in the bar chart shows the number of offender files by termination reason for fiscal years 2013 through 2018 for each agency and statewide. The table below the bar chart offers the number and percentage of cases which were closed by reason for fiscal years 2013 through 2018.

A number of closure types are included in the group of successfully closed cases. In addition to cases that were successfully closed, cases that were terminated due to the offender's death, the offender not being sentenced to community corrections, and cases that were unsuccessfully closed for any reason (closed by court, remanded to jail, etc.) were classified as successfully closed. The group measuring revocation terminations is comprised of cases that were revoked due to a new misdemeanor, cases revoked due to condition violations, and cases revoked due to a new misdemeanor.

All information for Section III was pulled from the agency's individual Court Case Sentencing Activity Reports which were run starting on 7/19/18 at 06:54:12 AM, and concluded on 7/21/18 at 04:14:47 PM. The statewide total numbers were pulled from the statewide Court Case Sentencing Activity Report, which was run on 7/23/18 at 01:19:37 PM.

SECTION IV: Number and Percentage of Departures by Agency and Statewide for FY18

Data was pulled from the Court Case Departures Report (export to Excel) within TOADS for FY18 only. There are several departure types but only the four most utilized departure types are included (as the report does not make a distinction between a Double Downward; Double Upward; or Up & Down departure).

The sentencing court may depart upward to increase the <u>length of a sentence</u> up to double the duration (**Upward Durational Departure**) within the sentencing grid block.

The court may also depart downward to lower the duration of a presumptive sentence (**Downward Durational**).

The sentencing court may depart upward to increase the <u>type of supervision</u> from probation to prison (**Upward Dispositional**)

The sentencing court may also depart downward to decrease the type of supervision from prison to probation (**Downward Dispositional**).

*A more in-depth explanation of departure types is available by request if needed.

*Departures may be counted more than once due to multiple departure types.

**These calculations reflect the total number of departures per type expressed as a percentage of the total cases

SECTION V: Number of Community Corrections Offenders with an LSI-R Score: Termination Reason by Risk Level

This is a quick snapshot of the number of offenders LSI-R risk level by termination reason for all agencies and statewide during fiscal year 2018. The second page is the percentage of offenders LSI-R risk level by termination reason. Numbers were pulled from the agency's individual Court Case Sentencing Activity Reports which were run starting on 7/19/18 at 06:54:12 AM, and concluded on 7/21/18 at 04:14:47 PM, and matched with numbers from the TOADS-Assessment file (assessment conducted closest to discharge), which was pulled on 7/22/2018. There will be several offenders who did not have an LSI-R supervision level. Also, offenders who were Not Sentenced to Community Corrections or who Died were not included in the LSI-R risk level data.

As stated for Section II, you may notice that if you sum up all the agencies they will not equal the statewide total. This is because looking at the data from the agency perspective, offender have the possibility of having more than one file in the state during that particular time frame, as an offender may have a closed case in more than one community correction agency. An offender is counted once per agency, but can be in more than one agency's total– in data terms, the offender can be duplicated. The statewide summary and totals, however, the actual offender is only counted once regardless of how many agencies in which the offender had closed cases – in data terms the offender is unduplicated.

SECTION VI: JRI Graduated Sanctions

The data in Section VI shows the number of JRI Graduated Sanctions that were utilized from FY 2015 through FY 2018.

Data regarding the 120 and 180 day prison sanctions was obtained as follows:

From the Kansas Sentencing Commission's Prison Population Projection Reports for FY 2015, FY2016 and FY2018.

From the Kansas Sentencing Commissions FY2017 JRI Annual Tracking Report

The chart titled **Number of Sanctions Administered** reflects the number of 120 day and 180 day prison sanction interventions that were entered into TOADS during each fiscal year.

Data regarding the 2 and 3 day jail sanctions was obtained as follows:

From the Kansas Sentencing Commission's FY 2015 through FY 2017 JRI Annual Tracking Reports.
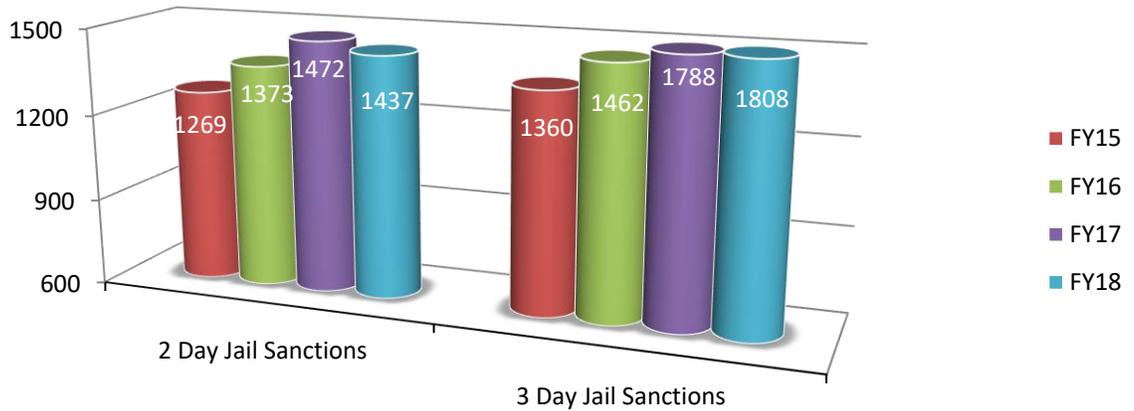

The FY2018 data was pulled from TOADS on 8/9/2018 at 4:37 pm (2 day) and 4:59 pm (3 day).

Number of Jail Sanctions Administered

Chart data — Number of Jail Sanctions Administered:

	FY15	FY16	FY17	FY18
2 Day Jail Sanctions	1410	1696	1582	1841
3 Day Jail Sanctions	1444	1840	1934	2304

* Number of Sanctions Administered = Total Number of 2 and 3 day sanction interventions entered in TOADS during each fiscal year.

Number of Offenders Receiving Jail Sanctions

Chart data — Number of Offenders Receiving Jail Sanctions:

|	FY15	FY16	FY17	FY18
2 Day Jail Sanctions	1269	1373	1472	1437
3 Day Jail Sanctions	1360	1462	1788	1808

Number of Prison Sanctions Administered

*Number of Sanctions Administered = Total Number of 120 and 180 day sanction interventions entered in TOADS during each fiscal year.

Number of Offender Sanction Admissions to Prison

Average Length of Stay in Prison

Probation Condition Violator Admissions to Prison

Chart data:

	FY16	FY17	FY18
Number of Probation Condition Violators Admitted to Prison	1180	1229	1458
Number of Probation Condition Violators Serving Sanction Prior to Revocation	102	123	150

Legend:
- Number of Probation Condition Violators Admitted to Prison
- Number of Probation Condition Violators Serving Sanction Prior to Revocation

Top Reasons For Not Utilizing 120 or 180 Day Sanctions Prior to Full Revocation

Reason	FY16	FY17	FY18
Failure to report	754	564	1265
Failure of drug test	547	461	1051
Failure of program/treatment	510	382	801
Allegation of a new crime	459	384	887
Public Safety Threat	380	286	739
Abscond/escape	340	178	308
Failure to pay restitution	267	220	445
Failure to report change of residence/phone/job	232	157	280
Failure to abstain from alcohol	175	127	319
Failure to maintain/secure employment	151	99	213

*Reflects the number of times each reason was utilized by Judges as noted on the Probation Revocation Journal Entry.

SECTION VII: ACTIVE POPULATION

Section VII presents the demographic and risk level distribution information for the active population at the end of Fiscal Year 2018.

Demographics:

This data comes from a snapshot of the active population as it appeared on June 30, 2018. It shows the population broken down by Gender, Race and Age for each administrative unit.

Risk Level Distribution:

This data comes from a snapshot of the active population as it appears on June 30 of each Fiscal Year represented.
