Policy Statement on Visiting

The Department of Corrections recognizes the importance of visitation in making a resident's period of incarceration less difficult. With those Residents who have families, visiting privileges allow for the maintenance of family ties which may otherwise be lost. A Resident's motivation to improve his condition is affected in a positive way when he has regular visits from family and friends.

This handbook has been designed to inform visitors at OCF of the facility's rules and regulations as they pertain to visitation. Rules and regulations regarding visiting are necessary for all facilities. This handbook, as well as our visiting program, has been set up to provide a fair, wholesome, and safe environment for visitors, residents, and staff. All OCF staff shall strictly enforce all visiting rules and regulations in a polite and professional manner.

Visitation is an important element in the correctional process; visiting privileges can be revoked / suspended for violating rules and regulations. Please read this handbook carefully to avoid any unnecessary delay or interruption of visiting privileges. Visitation rules will be strictly enforced.

Keep in mind the facility is highly resistant to making exceptions to the regulations outlined in this handbook.

How do I apply to be a visitor?

All visitors must be on the resident's approved visiting list prior to visiting. If a visitor's name is not on the visiting list, he/she will not be allowed to schedule a visit.
